MILWAUKEE & HORICON R. R.

REGULAR TRAINS will commence running in connection with the La Crosse & Milwaukee Railroad, on the Milwaukee & Horicon Railroad to Burnett and Hanf stations on Monday the 4th day of February, 1856, and to Waupun on Monday, the 18th day of February, 1856.

Passengers going North West will procure through tickets at the ticket office of the La Crosse road, in Milwaukee.

Freighters will deliver their freight at the north end of the La Crosse Freight Depot, in Milwaukee and at Burnett, Hanf and Waupun stations.

Arrangements have been made with the Wisconsin Stage Company to connect with this road at the North West stations. At Burnett, passengers are within two miles of the present Southern terminus of the Fond du Lac R. R. and by this route requiring but two miles staging between Milwaukee and Fond du Lac.

Comfortable conveyances will be on hand to convey passengers between the two Railroads.

TO BRIDGE BUILDERS.

THE La Crosse & Milwaukee Railroad Co. invite proposals, with plans and specifications, until Wednesday [illegible] next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north westerly direction across the State, from Milwaukee on Lake Michigan to La Crosse on the Mississippi river, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river, at this point, runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 50 feet above the water, at which point they are at the grade of the line of the road, and about 300 feet apart. The water is about 20 feet deep, having, in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 80 feet from the [illegible] at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 100 feet and two short spans at the ends resting upon the natural rock as abutments. It is desired so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the top of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished, but in case of their giving the contract to any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS in full consideration of the plans and specifications so adopted.

SECRETARY'S OFFICE, }

Satisfactory evidence having been furnished to me that the Massachusetts Mutual Life Insurance Company, being an Insurance Company, incorporated by the State of Massachusetts, is possessed of the Actual Capital required by the seventh section of an act, entitled "an Act to provide for the incorporation of Insurance Companies," approved February 9th, 1850.

Now, Therefore, in pursuance of the Act aforesaid, I John W. Hunt, Assistant Secretary of State, of the State of Wisconsin, do hereby certify that Lucius Cummings, if he be duly authorized by said Company, may take Risks, Receive Premiums, and transact the business of an Insurance Agent for said Company in this State, from this date until the thirty-first day of January next.

In witness whereof, I have hereunto set my hand, and affixed the Great Seal of the State, at the Capitol in Madison, this 15th day of August, 1856.
JOHN W. HUNT, Ass't Sec'y of State.

Capital and accumulations of the above named Insurance Company, $200,000, all paid, and invested according to the laws of Wisconsin, (as the above certificate shows.) The accumulations are to be divided every five years, as provided in the charter of the Company, which is *perpetual!*

The Company having complied with the Law of Wisconsin, and established a Branch Office at Chicago, Ill., (it being practically a *Home Office* of the West) where they write Policies, Pay Losses, and transact any business pertaining to the Home Office.

PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is exclusive from the full light of day.

The subscriber, after sufficiently long experience in its use, does recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain to all the different varieties of tints suitable for private Dwellings, Churches, Hotels, &c., which for brilliancy and richness of surface it surpasses all oil or paints, it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

THE EXTRA SESSION.

The Legislature met yesterday according to terms of adjournment and a quorum was present in both Houses. A Message, which we give in full, was presented in both Houses, and portions of it referred to Committees. It is brief and to the point and its sentiments will, we think, meet with the hearty concurrence of the people. We shall notice it further to-morrow.

In the Assembly, a resolution passed accepting the Land Grant, and another calling upon the Committee on the Apportionment to report immediately. We do not think that any bill for the purpose ought to pass at this session.

To the Record!

The *News*, in elegant phrase, speaking of the passage of the Army Bill in the House, says "the poor, miserable, agitating, Black Republican Doughfaces did back down."

We invite its attention, and the attention of all men who wish to know the truth, to the record, which we publish in another column. The freemen of the House, whom the *News* thus characterizes in choice language, did *not* back down. They stood to the right to the last.

The majority of 101 comprised 80 Southern Buchanan and Fillmore men, 17 Northern Buchanan men—*among whom was* MR WELLS *of this district*—and 4 northern Fillmore men but *not one* Republican, not one.

The 98 votes in the minority, were 96 Republicans, 1 Buchanan and 1 Fillmore man.

Call you that backing down?

With a majority against them whenever it could be called in, the result was expected by the Republicans, but we are glad that they stood by the right to the last. They can now appeal to the people as the last resort, and the people will send no more doughfaces to Congress.

The Democratic Congressional Convention.

The *News* has a very meagre report of the Convention which nominated Mr Hadley, giving nothing of the manoeuvring of the managers to neutralize the votes of contested delegations.—It gives two or three of the ballots, as follows:

An informal vote was taken, giving the following results: Mr. Ryan 11, Hadley 12, Sanders 6, Wakely [illegible], Wells 3, and several scattering votes.

On the first formal ballot Mr Hadley had 14 votes, Mr. Wakely 9, Mr Sanders 5, and several scattering votes.

Several other ballots were taken, during which Mr Wakely run up to 1[illegible] votes, Mr Paul to 1[illegible], and Judge Doolittle to 10.

On the 8th ballot, Mr Sanders withdrew his name.

On the 9th ballot, Mr Hadley received a unanimous nomination.

Towards the close, as appears from the same report, "Mr. Sanders was called on, who made a most splendid argument in favor of supporting nominees and Democracy in general."

We doubt whether that "splendid argument" will help Mr Hadley to the seat in Congress which he covets.

Judge Doolittle for Fremont.

ANOTHER ACQUISITION.—We learned yesterday that Judge Doolittle has announced his purpose to take the stump for Fremont. The course of the Administration in regard to the Army Appropriation Bill, was the last of the numerous causes that has produced this resolution. He will be a host in the good cause.—*Janesville Free Press.*

We heard the same thing several days since, but thought it best to allow Judge DOOLITTLE to take his own time and place for announcing the fact. We have no doubt of the truth of the statement, and we congratulate our Republican friends on the prospect of having the aid of a man of the Judge's acknowledged ability in the contest. Judge DOOLITTLE, like many thousands of true Democrats throughout the State and country, has stood by his party till it has left him, and he will now strike for the right where he best can. If his old acquaintances are hit, it is their fault, not his.

The President on Kansas affairs.

The following dispatch gives the account of the cold blooded reception of the Committee of the National Kansas association, by PRESIDENT PIERCE. It will be seen that he does not think the condition of things in Kansas such as to prevent the obtaining of justice in the courts!

WASHINGTON, Saturday, Aug 30.

Messrs Hyatt, Arny and Daniels, the subnational Kansas Committee, had a conference with the President to-day, and report that he justified his general policy, expressing his belief that if the inhabitants of Kansas had been more anxious for peace and less anxious about their institutions there would have been no trouble. He does not think that the condition of things in the Territory is such as prevents the obtaining of justice in the courts, and admits that the possession of arms is the constitutional right of all American citizens. He pledged himself that the invasions of the Territory should be prevented, come from whatever quarter they might, declared that actual settlers should have a fair election, though it should require the entire force of the Government to secure it, expressed his determination to enforce the Territorial laws, said he had no power to protect emigrants on their way to the Territory, and that they must rely upon the civil authorities.

Organization of a Fremont Club at Granville.

The friends of Fremont and Freedom in Granville, met on the [illegible]0th ult., for the purpose of forming a Fremont Club, and organized the meeting by electing George D. Watson President and M G Brown Secretary. The following were chosen as the officers of the Club:

President—M G Brown.
Vice-President—J. R. Thomas.
Treasurer—H. S Pickett.
Secretary—G. D Watson.

Republican Mass Meeting at Horicon.

The Republicans of Dodge County are to meet in Mass Convention at Horicon, on Wednesday, the 17th inst., and a great gathering of the people is expected, to listen to eloquent speakers, and take counsel together for the success of a noble cause.

FREMONT CAMP HOUSE.—The frame for this building, the head quarters of Republicanism here, is nearly up. It will be a solid and capacious structure. The completion of it and the raising of the pole, &c., is deferred till to-morrow afternoon, when it is thought that all will be ready.

Interesting Letter from Kansas.

☞ A friend at Fort Atkinson sends us the following letter for publication. It will be found to contain many matters of interest, though the date is somewhat old.

PLYMOUTH CITY, Aug 10, 1856.

DEAR SIR:—With a keg of powder for a writing desk and a bundle of hay for a seat, I embrace the present moment, the first that has offered since leaving Fort Des Moines, to address you, and through you, those friends at home, informing you of our present condition and prospects. It would be needless to give the details of our journey, and I will therefore mention merely the leading features connected with it. We joined Dr Cutter's company at Quincy, Iowa, on Sunday, July 2[illegible]th, and have been since that time marching to this place, arriving here last Friday. You are well aware of the circumstances attending the disarming of that company at Waverly, Mo. We numbered some 4[illegible] men. Arriving at the Nishnabotana, we were joined by the Rockford, Illinois, company, 13 men, under Capt Butterfield, making in all 58 men and 6 teams. At Taber, Iowa, we received a dispatch from Col Lane, who was expecting an attack from [illegible]00 Missourians. We arrived at Nebraska City Aug 1st, and immediately commenced our march for Lane's camp, about twelve miles distant. Here we found the Milwaukee, Janesville, Chicago, Davenport and Fremont Independent companies, making in all over 300 men besides women and children. On Monday, Aug 4th, orders were given to march, and we soon commenced forming the line. The Milwaukee Company led the van, while ours brought up the rear. The companies had previously been divided into two sections, one of which went before, the other behind their respective teams. When once upon the road, we presented a grand appearance. Our train extended over a mile, and the extreme tortuosity of the prairie road added much to the scene. Our men were dressed in every conceivable style, some having red shirts and blue pants, some blue shirts and white pants, while some had their blankets wrapped about them, owing to the dampness of the morning air. One of our company, an engraver, took a sketch of the whole train, from an eminence near the road. We were accompanied by several prominent Free State men on horse-back, directing the train, &c. We had been joined by 2 of the Topeka Rifle Company at Lane's camp, as an escort. When these men rode into our camp, they were immediately surrounded to hear the story of their wrongs. One of them, Mr Cook of Connecticut, was with Stewart when he was shot. He told us the circumstances. You know preliminaries, I will give the rest. When Stewart was shot, Cook was but a few feet distant and as his companion fell, he turned to the murderer, who was making a quick retreat, and fired his pistol. The first discharge missed, the second took effect at the right wrist, and paralyzed the ruffian's arm. He dropped his rifle, and Cook now has it in his possession, on his way East, where he hopes to raise a company to return with him in a few weeks. Upon arriving at our camping ground on Monday night, we chose Col. and Dr Cutter as our conductors, Col Lane having gone back. Nothing of interest occurred until Wednesday night, when it was reported that the U. S. troops would visit us in the morning. Capt. Cutter called us (his company) together and told us to make no display of our arms, but to walk quietly along, and if requested to give them up, to respectfully decline the invitation. It so happened that the troops took a different road, so we escaped their inspection.

On Thursday morning we commenced our march at sunrise, and as we were but five miles from the Kansas line, every heart beat high with the hope that we enter without hindrance. About 9 o'clock Capt Cutter halted, uncovered his head, and as we passed, informed us we stood upon Kansas soil. Immediately every hat was raised, and we marched silently into the land we had come so far to aid in maintaining her rights. The most of us then decorated our hats with the flowers that grew in profusion on all sides, and one, if not more, stooped, and kissed the soil that bore them.

We camped about three miles over the line, where it was proposed that a portion of us should stop, and lay out a city, make our claims, and establish an outpost for the aid of those who should come after us. Sixty seven of us (myself among the number) stepped forward, and signified our willingness to accede to the proposition. Accordingly we set about dividing our property belonging to the company, and the next morning the train left us. As soon as they were gone we held a meeting to organize ourselves. Judge Hunt was called to the chair, (a small mound on the prairie,) and committees chosen to select a site for a city, and draft a constitution. We are now organized, have one house nearly completed, and a little land broken. Does this look like coming to Kansas to make trouble? We are kept in a constant state of anxiety and alarm by the Missouri spies, who growl about our settlement, which you will see we have named Plymouth City—quite appropriate, is it not? Two of our men were sent for provisions about 20 miles distant, and we have reason to fear they have been taken by the ruffians. If this proves to be so, we shall pursue and recover them. I could write for hours, but I have given you a sketch of our condition. We shall certainly suffer this winter for want of funds, unless our friends help us. We need books as well as food and I would add, that we have this morning formed a Bible Class, and want a small library for men, women and children. But I must close, my time is precious. Remember me to all friends, and believe me yours truly,

J. W. WELLS.

The Steamer Western Metropolis.

We find in the Chicago *Press*, from the correspondence of one of the Editors, Mr Bross, an interesting account of a trip made by a large party of invited guests, on board the Southern Michigan Railroad Company's magnificent new steamer, the *Western Metropolis*. The party went on board the steamer on Saturday afternoon, and after enjoying a grand dinner, was conducted through the steamer by Capt PERKINS, making a full inspection of his fine boat.

After tea, a committee, consisting of Rufus King of Milwaukee, James Carter, Esq, of Galena, and W. W. Mitchell, Esq, Secretary of the Chicago Board of Trade, was appointed to prepare resolutions expressive of the feelings of the company. In their absence, Mr BROSS and Mr WALKER, of Chicago, kept the attention of the company with addresses prompted by the occasion.

At the conclusion of Mr WALKER's speech, the Committee, by their Chairman, Gen. King, made the following report:

WHEREAS, We, the guests of Capt George M. Gray, of the Michigan Southern and Northern Indiana Railroad, and Capt. A. D. Perkins, of the steamer Western Metropolis, are enjoying a most delightful excursion to Niagara Falls, and whereas, some expression of our regard for these gentlemen is due to them for their kindness and many polite attentions, therefore,

Resolved, That our warmest acknowledgments are due to Captains Gray and Perkins, and to the enterprising company whom they represent, for their great courtesies and unwearied attentions.

Resolved, That in our judgment the Western Metropolis—in the elegance of her decorations, the spaciousness of her saloons, state rooms and parlors, the perfection and power of her machinery, and her speed and substantial qualities as a sea-worthy vessel—has no superior in this country or any other, and that she is, in our opinion, the finest steamer now afloat.

Resolved, That, as citizens of the West, we feel a peculiar pride in the beauty and the power of this magnificent steamer, and that we most cordially recommend her to the travelling public.

Resolved, That the journey by railroad to Lake Erie, by steamer to Buffalo and thence to New York by railroad, is the perfection of travelling between the great cities of the West and the Atlantic seaboard.

Resolved, That Captain C. Forbes, to whose taste and skill the public are indebted for this splendid steamer, has furnished the highest proof that American genius in naval architecture, as in most of the practical arts, can excel the models of the past, as much as our [illegible] country surpasses all others in the magnitude of her lakes and the richness and the extent of her varied natural resources.

Resolved, That our warmest thanks are due to Mr G C Bowles, clerk, and Mr B Logan, steward of the Western Metropolis, for their polite attentions—their arrangements leave nothing to be desired in their respective departments.

Resolved, That we congratulate the proprietors of this noble vessel in having placed her in charge of such competent officers and seamen as Capt and his officers, and that we likewise felicitate the stockholders of the S. M. & N. I. R. R., upon being represented at Chicago by so courteous, efficient and attentive an agent as Capt George M Gray.

The resolutions were carried by acclamation, after which Gen King responded in an excellent speech for Milwaukee, James Carter responded happily for Galena, D. A. Nobles, of Monroe, for Michigan. The closing speech, and a very amusing one it was, was made by Mr Murphy, of Chicago.

The saloon was then cleared and the lads and lasses and perchance some who for many years have scarcely been entitled to those terms, greatly enjoyed themselves on the light fantastic toe.

Correspondence of the Sentinel.

The Peninsula of Michigan.

ESCANAWBA, DELTA CO., Mich.

MESSRS EDITORS:—As it may be interesting to you and many of your readers to know how the political pulse palpitates in this far off isolated oasis of Michigan, permit me to say that a Fremont bonfire has been kindled here by the principles laid down in Sumner's great speech which all the water in Escanawba river can never blot out. For these speeches, in pamphlet form, we are indebted here to the enlightened generosity of Miss J C ——, a young lady of this place. This example is worthy of imitation by every intelligent lady residing in the Free States. For intelligence, industry and moral worth, this place will compare favorably with many other towns five times its size. Of this you may judge, when three fourths of our citizens have a chronic repugnance to every thing that savors of patent democracy, and *ten cents per day aristocracy*.

This county is not yet organized, which is an insult to the intelligence of the people who live in it and a disgrace to the Legislature of Michigan. If our people could vote, Col. Fremont would carry Delta county by five hundred majority. There is no election precinct within a hundred miles of this place. What shall we do, or what can we do? Will you please suggest a remedy if there is any.

We hope the Legislature will see to it this winter, and organize this county and make this place the county seat. These are stirring times, and we want to get inside the ring. Men are wide awake, and are vigorously prosecuting their favorite pursuits. Inventions and discoveries are heralded through the country, improvements both forward and *backward* are going on, politics are of a most exciting character. The people are drinking in of the spirit that animated Col Fremont as he climbed up the Rocky Mountains 1[illegible],570 feet, and unfurled the American flag from the highest peak in the world. The President of the United States is *dying*, and old Buck is quite sick. Isms of many colors are springing up with a hot bed fecundity, and Kansas has collapsed. The administration is imbecile and vain, inflated with gas, threatens to fight nations and annex the world.

Now we want to be inside and help to put a stop to these high handed measures and unwarrantable assumptions. We believe (with the greatest and best men of our country) if the principles and spirit of the present administration are to be continued for the next four years civil liberty in this country is at an end, and our republican institutions are lost. [illegible]

This country would have been organized long since, but for the reason a few moneyed men have been attracted here by the immense quantity of pine timber, and have purchased from government large quantities of land for lumbering purposes, and to avoid paying tax on those lands their influence has been exerted to prevent this county from being organized, and hence our present position.

But now, the county is being settled up by an intelligent, enterprising people. Other interests are springing up beside that of lumbering, and our people, whose interests are identified with the prosperity of the country, will never desist from their efforts, until the legislators of Michigan comply with their wishes and organize Delta county.

We think this is the most eligible location for the county seat, for the reason that it is the most central point, and easy of ingress and regress—situated at the mouth of Escanawba river, and in full view of the two contemplated lighthouses—one at Sand Point, two miles below, and the other at Point Peninsular, ten miles south. As Congress has made an appropriation for their construction, we hope the work will be commenced immediately and prosecuted with energy to its consummation. For these appropriations we feel much indebted to the Hon. Mr. Wells of your city. May they always shine bright and true when he visits our beautiful Escanawba.—Another reason, and one which we think should have great weight—a railroad is now in contemplation from this place to Lake Superior—a distance of [illegible]5 miles. Government has appropriated each odd section, extending back six miles on each side of the road, which will be more than sufficient to make it, and we think the time is not far distant when we shall see the iron horse, laden with the immense riches, now stored away amid the rock bound coasts of Lake Superior, bounding along the Escanawba river, through the almost impenetrable pine forest, touching at this place, and communicating with Chicago at Green Bay. The general interest felt in this road is a sure guarantee of its completion.

This is one of the greatest lumbering regions in the West, logs are floated down the Escanawba, some sixty miles, with but very little obstruction except at Sampson's Falls, some four miles from its mouth, but no difficulty in getting them over when the water is high.

These Falls have such a wild romantic beauty, that one is reminded at once of their great prototype—Niagara—it has its table Rock and Horse Shoe form. As you take your stand upon this Rock, you will see a most magnificent combination of Cascade, Waterfall and Cataract, extending up the river as far as daylight goes, presenting a succession of panoramas beyond description.

AMERICUS.

P S.—Will you please inform us in your next issue if Millard Fillmore is a candidate for the White House at Washington.

August 26, '56.

☞ We supposed, that the large Buchanan vote on the cars on Monday, was sufficiently accounted for by the presence of the county delegates returning from the Van Buren fizzle in this city, but it seems that there were other circumstances to be taken into account. A correspondent of the Madison *Journal* says:

It so happened that a somewhat numerous delegation of Buchaniers were on the cars that morning, returning from the great Van Buren finale at Milwaukee, and your brother Armstrong, of the Janesville *Standard*, thought it might be a good time to take a vote. But as it was a ticklish matter, even with a packed delegation present, to risk an expression, it became an important consideration to select a safe teller—Luckily Esquire Seymour was aboard, and no better man for a census can be found in the Northwest. The Janesville folks, particularly appreciate his abilities in that line, and so with pencil and card he commenced his peregrinations.

After canvassing the passengers, he returned, and reported the vote as follows:—Buchanan, 46; Fremont, 37; Fillmore, 3. As there was a solid Buchanan delegation of more than thirty persons on the cars, they felt a little sore over a majority so meagre, and there was an immediate call for *supplements*.

With the aid of these, the Squire run the Buchanan vote up to 53.

The Vote on the Passage of the Army Bill without the Proviso.

The XXXIVth Congress closed its special or supplementary session on Saturday afternoon, after passing the Army bill without the House proviso against using the Military Power of the Government to uphold the Border Ruffian usurpation in Kansas, and enforce its atrocious "laws." The House again passed the bill with the proviso, and the Senate (25 to 7) struck it out, whereupon the House concurred, by 101 Yeas to 98 Nays, as follows:

[We have placed those known to us as Fillmore men in *Italics*, but there are several Members who have not yet defined their position as to next President.]

So the House receded by *three* majority, and the bill passed with no proviso as to the employment of the Army in Kansas.

The correspondent of the *Tribune*, further writes:

WASHINGTON, Aug 31.

The Union is again saved. The Army bill passed yesterday, somewhat unexpectedly in point of time, but not so in result. The Committee of ways and means reported it with a simple proviso restricting the President in employing force to execute the Kansas laws, and divested of other objections raised by the Senate.

The House, by 22 majority, carried the bill in this form, many not voting, so as to make issue direct on the action of the Senate. It was promptly returned with the proviso stricken out. Then the House came to a distinct test on concurring with the Senate. On this division the vote stood 101 Yeas against 98 Nays. Mr Miller of New York was paired on Friday night with Mr English, who was absent, by which the Republicans practically lost one vote. Messrs. Burlingame and Millward were absent unpaired—These free votes would have defeated the Senate amendment and protracted the contest. Besides, the Speaker's vote was also in reserve—The Opposition had Messrs Foster, Herbert, Paine and Reade absent and unpaired. Twenty two members were paired, twenty Northern men voted for expurgating the proviso, namely Messrs Cadwalader, Denver, Florence, Fuller of Maine, Hall of Iowa, Harris of Illinois, Harrison, Haven, Hickman, Kelly, Marshall of Illinois, Miller of Indiana, Packer, Peck, Tyson, Vail, Wells, Wheeler, Whitney, Williams. Mr Fillmore's Northern trio could have decided the question differently. Tokens of general rejoicings were manifested when the House was declared adjourned. The same result could have been reached on the 18th if the House had sat two hours longer.

ARTHUR GUENTHER.—We are glad to learn, by a private letter to Dr GUENTHER, that his son, who was wounded in Kansas, in the attack upon the ruffians at Franklin, is thought to be out of danger and likely to recover, although the ball with which he was shot have not been extracted. He has the best of medical attendance.

The letter states that there were 1000 Missourians in force very near Lawrence, and an attack shortly expected.

"WISCONSIN MESSENGER."—We have received the first number of a large eight column sheet bearing the above title, printed at Delavan Walworth Co., BAKER & DOTY editors. It advocates the cause of Freedom and Fremont with the zeal which it merits.

We hope the people of Delavan will give it a hearty support.

GOVERNOR'S MESSAGE.

EXECUTIVE DEPARTMENT,
MADISON, Sept [illegible] 1856.

To the Senate and Assembly:—

This being an adjourned Session of the Legislature for the purpose of closing up the business already pending, and partly considered, and to hear and act upon the reports of Committees that have been sitting by your appointment during your vacation, I do not therefore feel it to be my duty to call your attention to any new business, excepting some matters of importance that have arisen since our adjournment, and which demand immediate attention.

During the month of May last, Dr JAMES GATES PERCIVAL, State Geologist, died, creating a vacancy in that office. By his death the State has lost the services of a faithful public officer, Science a zealous and accomplished laborer, and American Literature a profound scholar and gifted writer. His Report of the Survey of 1855 was nearly completed at the time of his decease, and was forwarded to me shortly afterwards, by Dr Jenckes of Hazle Green. I placed the manuscript in the hands of I. A. Lapham, Esq., of Milwaukee, to prepare it for publication, and herewith transmit it to you.

The act creating that office made an annual appropriation for the "State Geological Survey," for the term of four years, which term expires in the month of March next. I did not deem it for the interest of the State to fill the vacancy thus created, until it was ascertained that it was the intention and policy of the State to continue that Survey. I have therefore felt it to be my duty at this time to call your attention to the subject, connected as it is with one of the most important interests of the State.

In pursuance of an Act, approved the 31st day of March last, entitled "An Act for the Revision of the General laws of the State of Wisconsin," I appointed Tim. O. Howe, James R. Doolittle and Samuel J. Todd, Esqrs., Commissioners. A short time after their appointment, I received their resignations, together with the reasons therefor, a copy of which is herewith transmitted. I felt it due to the distinguished ability of those Commissioners, that their reasons should be submitted to your consideration before filling the places thus made vacant.

Since your adjournment, the Congress of the United States has donated to this State certain lands for the purpose of aiding in the construction of a railroad from Madison or Columbus, by way of Portage City to the St. Croix river or lake between townships 25 and 31, and from thence to the west end of Lake Superior, and to Bayfield; and also from Fond du Lac, on Lake Winnebago northerly to the state line.

The land thus donated will exceed two millions of acres, which at two dollars and fifty cents per acre, being the price fixed for government lands of the same kind, will amount to five millions of dollars. The grant therefore is a magnificent one, and if properly used, will tend greatly to develope the resources of the State, and bring the agricultural, manufacturing and mining districts in close proximity to each other and mutually benefit each. Nevertheless, we shall have cause to regret even this donation, munificent as it is, unless in granting the avails thereof to railroads, we are cautious and considerate.

The act evidently contemplates the building of two separate and independent roads, the one from Madison or Columbus to Lake Superior, and the other from Fond du Lac northerly to the State line, and that intention of the act should be faithfully adhered to. There can be no evil results from having the two roads separate and independent, and much evil may be avoided thereby,—since two roads running through nearly the entire State, owned and controlled by one corporation, would in time be dangerous to the legislation of the State, particularly that pertaining to its railroad interests, and if it should fall into the hands of political cliques and mere speculators, might be injurious to the rights of the people, and the prosperity of the State.

Corporations of enormous wealth and great power are only to be tolerated by the necessities and wants of the State, and should be shorn of their power in every practicable way.

I would therefore recommend that the two roads referred to in said act, be kept separate and independent of each other, so that instead of having their power and influence concentrated into one, they may act as checks upon each other, and that they may, to a certain extent, be two roads competing for the same business.

If it should be deemed probable, that any incidental benefits, growing out of said grant, are likely to accrue to the owners of, or those taking stock in said corporations, then I would urge upon you the propriety and necessity of so framing the law in making over the avails of said grant to railroad corporations, that all the citizens of the State may have a fair and equal opportunity of taking stock therein in limited quantities, which will tend to avoid many of the objections to railroad grants, by placing the same in the hands of different interests and among a class of citizens, who will be interested in the prosperity of the whole State.

The lands donated by said grant should be brought into market as speedily as said grant will permit, and sold in limited quantities, at fair prices, to actual settlers. They should not be permitted to fall into the hands of speculators, to be kept out of market and the lands themselves left unimproved, and the growth of the country thereby retarded. I regard this last recommendation as of great importance and one which if faithfully adhered to, will remove some serious objections to such grants.

It will be useless to say, that the character of the men who are to have control of said roads should be such as to guarantee their construction at the earliest practicable day, and that the influence of said corporations should be exerted for beneficial and legitimate purposes, and the avails of said grant inviolably appropriated thereto.

The State has some rights and interest in said grant, not only in having the grant so appropriated as to develop its resources, but to pay the expense and trouble it may have in taking charge and disposing of the same, and some provision should be made for the benefit of the State, whereby a certain per centage upon the gross earnings of said road, or upon the capital stock thereof, shall annually go into the State Treasury.

No grant for railroad purposes has hitherto been given to the State, and it is not likely any other grant of its value will hereafter be given to it by the General Government. I cannot urge upon you, therefore, too strongly, the necessity of carefully considering the suggestions herein contained, and of disposing of said grant in such manner as shall tend most rapidly and surely to develope the various resources, and foster the diversified interests of the whole commonwealth.

Far better would it be for the State to reject this grant at once, than by any unwise disposition of it, to keep the lands out of market for years, while the roads would remain unbuilt, and the Legislature of the state be subjected to annual annoyance and embarrassment, through repeated investigations and continual legislation on the subject, by which, in the end, the grant itself would be wholly frittered away, and all its legitimate purposes defeated.

Since your adjournment, it has come to my knowledge, from reliable sources, that many of the citizens of this state, who have not expatriated themselves, and who consequently still remain citizens of this state, while going to Kansas Territory, for lawful purposes, and while upon the rivers of the United States, made public highways by the laws of the U. S. have been seized, their property taken from them, and they imprisoned, and their lives put in jeopardy, by the people of Missouri and other slave holding states. These outrages have become so frequent, that I have felt it to be my duty to call your attention to them, that you may devise some legal and constitutional way, if within your power, to protect our citizens and redress their grievances, the General Government being impotent for that purpose, or wilfully neglecting to do it.

Kansas is now in a state of civil war, growing out of the maladministration of the government of that Territory, and the determination to force Slavery upon it—not by the people of the Territory, but by the people of Missouri and other Slaveholding States. For that purpose they have controlled the elections in that Territory, by mob and at the point of the bayonet its Legislature has been elected by the people of Missouri, laws have thus been enacted that are disgraceful to the American character, the property of the actual settlers has been destroyed without authority or law, and the people themselves in many cases brutally murdered. At this very time the free settlers of the Territory are being driven from it by the people of Missouri and other Slaveholding States, while the National Administration is apparently accessory to this subversion of their rights, or unwilling to protect the people of that Territory from these outrages. The course to be pursued by the State of Wisconsin, in this emergency, I will leave to your judgment to determine.

I am well satisfied that the only way to maintain harmony among the States, both North and South, is to restrict slavery to its present limits. This was evidently foreseen by the founders of this Republic, who, by the ordinance of 1787, dedicated to freedom all of the Territory then belonging to the United States, and prohibited slavery or involuntary servitude therein, intending thereby to place it beyond the power of Congress to extend the bounds of slavery, and forever to stop its agitation.

As lovers of freedom, and the Union of these States, it is our duty to oppose the further increase of slave territory, preventing slavery thereby from cursing new territory, from making dishonorable free labor, as it inevitably must where it comes in competition with it, from strengthening a system which threatens to destroy the fraternal feeling among the States, and the Union itself, which disgraces us among the nations of the earth, and which begets an evil and domineering spirit among those connected with it, inconsistent with a republican form of government.

It is absurd to suppose that slavery and freedom can exist together harmoniously, while the Congress of the United States is continually enlarging the rights of slavery, and repealing sacred compromises for the purpose of forcing it into free territory.

The only way to maintain a friendly feeling among the several States of the Union is to dedicate the territories to freedom, and when that becomes the settled policy of the Government, the agitation of the question of Slavery will cease.

Slavery is the direct cause of the present exasperated state of feeling between the different portions of the Union, it is the only brand of dissension which threatens permanently the peace of the country and endangers the perpetuity of our republican institutions. Peace and safety can never result from magnifying and aggrandizing the source of all this disturbance and danger, but on the contrary, must be sought by restricting, and diminishing its power, to prevent sectional strife and bitterness.

The extension of slavery is not only antagonistical to the policy of the founders of our government, but to the very spirit of our institutions, it tends to subvert them, by putting slavery and freedom on an equality, to compete with each other for the possession of our territorial domain. Every dictate of patriotism and enlightened statesmanship bids us confine that baneful institution within its present limits and preserve the territories for the triumphs of free labor and the beneficent agencies that accompany it—free schools, a free press, and the enterprise and greatness which are their unfailing attendants. If this policy shall obtain, the day is not distant when the broad domain lying between the Mississippi and the Pacific ocean, will be studded with a constellation of states, all free, crowned with the blessings that follow in the footsteps of freedom, and so many pledges of the perpetuity of the Union and the free institutions of our common country.

In view of the condition of the finances of the State, it is desirable that your session should be a short one, and I shall be happy to co-operate with you, in every practicable way, to attain this object.

Standard Weights and Measures.

At the meeting of the Corn Exchange yesterday, the following Memorial to the Legislature, reported by a committee, was accepted unanimously:

MEMORIAL.

To the Legislature of the State of Wisconsin.

The members of the Milwaukee Corn Exchange, interested in various ways in the handling and exchange of produce in common with farmers and all other dealers in produce throughout the State, have for years met with difficulties and annoyance, caused by the difference in the weights, scales and measures used, there being no standards in use by which such weights scales and measures may be guaged, regulated and made uniform throughout the State. The frequent imputations of dishonesty on the part of one party or the other, caused by these differences, where, in the great majority of cases there is no disposition to defraud, make it very desirable that the legislature should take immediate action upon this subject. Your petitioners understand that the State has in its possession a complete set of standard weights and measures distributed by the United States Government, by the use of which these difficulties and annoyances may be avoided, and they ask that a law may be passed at the present session of the Legislature providing means by which those standards may be made available and of legal effect throughout the State.

Chills and Fever.
TO THOSE who are afflicted with this disagreeable and baffling malady, we would state that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.
Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS Jr., No. 195 East Water street.
N. B. One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED W. THAYER, 697 Washington street, Boston.

☞ A TRIAL of *Hoofland's German Bitters* will convince the most skeptical of their great virtues. Read the following:
JULIUS A. JEGER says:
NEW ELIZABETH, Hendricks Co., Ind., June 24, 1854.—"I should like you to send me a lot of your German Bitters. I know them to be a valuable medicine, deserving all the reputation they have acquired. I have used them in my own family, and they have proven a *certain remedy* for eradicating the *fever* and *ague*. I have used them successfully for two years."
WILLIAM NORTON says:
HUNTINGDON, Ind., Sept. 20, 1854.—Send me another supply of Bitters immediately. They sell rapidly and give the most unbounded satisfaction in every case. I do not know of but one instance in which I have sold one bottle, that the person did not return for more, and in that case, the *one bottle cured the person*."

Fever and Ague—Certain Remedy.
NO MORE USE for Tonic Mixtures, Quinine, Fowler's Solution, Arsenick, Mercury, or any of the villainous or nauseous compounds, which only relieves one disease to implant another more deadly, and which sends its unhappy victims finally with a wrecked and broken constitution, to an early grave. Try Carter's Spanish Mixture, which contains none of these dangerous drugs but cures by acting specifically on the Liver, purifying the blood and strengthening the system, thus enabling nature to recuperate her exhausted energies, by opening the pores of the skin, and expelling from the body all impurities and old medicines, which clog and retard its free operation.—More than one thousand persons have been cured by Carter's Spanish Mixture, after every thing else had signally failed. As a sample of its remarkable effects Messrs Davis & Hicks, of Autaugaville, Ala., writes us that it cured a gentleman of Chronic Fever and Ague, which all the efforts of physicians and their remedies, could not subdue. He only took three bottles. They say it sells very rapidly, and maintains its high reputation all through the country. aug6d1m

VOLUME XI. MILWAUKEE DAILY SENTINEL, THURSDAY MORNING, SEPTEMBER 4, 1856. NEW SERIES.

THE DAILY SENTINEL.

Thursday Morning, Sept. 4.

CITY MATTERS.

POLICE COURT — SEPTEMBER 3.

BEFORE H. N. WALWORTH, POLICE JUSTICE.

[illegible] drunk, fined $1. Thomas Collins drunk and disorderly, fined $2. Joseph Eichbaumer drunk, fined $1. Michael McGonigle drunk, second offence, five days to jail in default of $, Wm. C. Molen and Philip [illegible] disorderly and fighting, fined $1 each.

CHARGE OF ARSON.—In the afternoon a man named [illegible], who has hitherto, we believe, borne an unexceptionable character, was arrested and brought into Court by the Chief of Police, on the charge of arson. On the night [illegible] H. W. Crain, an Insurance Agent, made a complaint in substance that the prisoner, in the night time of the 8th day of January 1856 wilfully and maliciously set fire to a certain shop, owned by himself, by the burning whereof the dwelling house of Carl Ohrenberge was burned. The fire occurred in the night time, the life of [illegible] persons having been destroyed by such burning.

A warrant was issued on the above complaint, and bail given in the sum of $1,000 for the appearance of the defendant this morning for examination.

The fire occurred on the corner of Wells and West Water streets, Second Ward, about midnight, and upon one of the very coldest nights last winter. Of the guilt or innocence of this defendant we have nothing to say, at present. At the time of the fire the defendant lost his all, [illegible] were saved from the windows of the burning building by the firemen and were placed in the [illegible] and [illegible] in the depth of a Wisconsin winter. The clothing, bedding, &c., of himself and family were all consumed and he was left destitute. [illegible] were instituted for the amount of Insurance upon the building, which was occupied as a wagon and paint shop, the defendant and his family living in the upper part of the building over the shop. In the prosecution of the suits for the recovery of the insurance the defendant was assisted with money by some of the most respectable men in the city.

We understand the building was insured in the Washington Union of Cleveland, the State Mutual of Harrisburg of Pennsylvania, and the Cleveland Mutual, of Cleveland. The amount was about $600 in each office.—We understand that a proposition was made by two of the Companies to pay 50 cents on the dollar, but the offer was rejected.

Common Council, Street Commissioners' Orders, &c.

The new ordinance regulating hacks, cabs, coaches, [illegible] is published.

The Second Ward Aldermen call for proposals for grading the schoolhouse lots, 16 and 17, block 197, corner of [illegible] and Chestnut Streets.

The elevation and plans for the new building, which will be a very handsome structure, three stories of brick and conspicuously situated, may be seen at the office of [illegible] & Mix, architect.

THIRD WARD.—Grading is ordered of the alleys in blocks 44 and 25 within 21 days.

The ordinance establishing a sinking fund for the redemption of the city debt is published. It provides for raising each year by tax a sum equal to [illegible] per cent of the then indebtedness. Bonds now out [illegible] to be exchanged for new bonds issued under this ordinance and are not to participate in the benefits of the sinking fund unless so exchanged. The new bonds to be of $1000 each, payable in 20 years at 7 per cent interest. The order of payment of these bonds from the annual tax, is to be ascertained by lot each year, and public notice to be given in this city and in New York, as to the numbers of the bonds to be paid, and said bonds to cease drawing interest in sixty days from such notice.

BALLOON ASCENSION.—Spring St and the neighborhood of the place where the balloon of Prof. Pusey was to leave [illegible], was densely packed with vehicles and human beings, and the housetops in that part of the city all had their anxious gazers, while somewhere near 1000 were inside of the enclosure. For nearly three hours, the crowd gazed and talked and wondered and at length the balloon went up but neither the Professor nor Mrs. Reiss went up with it.

It was found impossible to inflate the balloon sufficiently to support the proposed weight, for some reason, and the Professor, rather than disappoint the crowd, let the machine go alone. After sailing about in the air, very high, for an hour, it descended into the lake, and at last accounts a vessel was making towards it.

P. S. The Balloon was picked up by the brig *Robert Burns* bound for Green Bay. The Captain of the tug *Decatur* generously took the Professor out into the lake till they spoke the vessel and learned where the balloon had gone.

The Concert To-night.

The concert to-night by the Pyne and Harrison Opera Troupe, will attract a very large audience, and Young's Hall bids fair to have its capacity well tested. Those who have not yet secured seats will do well to attend to it early this morning, as this evening is the last opportunity of listening to the delicious strains of the best array of talent now, or soon likely to be combined upon the stage.

It may not be amiss to hint to those present that some may wish to listen to the music prepared by the troupe, and not to loud laughing or talking in the audience.

HANDSOME CARRIAGE.—J. Olmsted has just imported, made to order at Bridgeport, Conn., a splendid carriage, tasteful in design, richly furnished, heavily plated, and the proprietor is on hand with a first rate team, for orders for his turn out.

☞ This morning at 10 o'clock, and throughout the day, the house of Mr. Thorne will be open. All who wish to examine the furniture can do so.

☞ WALL sells this morning the nine lots of the Menomonee Locomotive Manufacturing Co., 5th Ward. Great chance for a bargain.

WANTED.

WANTED to trade good farming lands in Wisconsin, and cash, for city property or merchandise, to the amount of one to Ten Thousand Dollars.
J. THOMPSON HALLETT,
sep4 — 171½ East Water St.

W. LAIDLAW'S LAND AGENCY!
Office 230 East Water Street, 2 Doors South of Walker House.

AMONG the extensive amount of Real Estate I have for sale, I would respectfully call the attention of those in search of a largely paying investment to an out lot of 20 acres. Said lot is situated one mile and a half West of the city and besides being handsomely located, commands the most beautiful view of the city, lake and harbor. These can not be surpassed, and on the whole, this tract of land is unequalled in the county of Milwaukee for beauty and availability. Land, the same distance North of the city, is selling at from $300 to $400 per acre and there should be no reason why the land I offer should not be more valuable on account of the superiority of location and view. I will sell it however, at about half the above figures or exchange for city property.

IS JUST IN RECEIPT of an invoice of Pictures, several of which are new supplies of favorite subjects.

- I. Evangeline. Painted by Thos. Faed, engraved by Jas. Faed. "Sat by some nameless grave, and thought, perhaps, in its bosom He was already at rest, and she longed to slumber beside him." This would be a very good companion picture to Long Evan.
- II. Scheffer's Dante and Beatrice, which may be had on plain or India paper, or,
- III. The Magdalen after the same artist.
- IV and V. Family Prayer and Mutual Instruction.—Another supply of these very beautiful ovals.
- VI. Bad Pay for a Portrait. Very expressive.
- VII. Maternal Affection. An excellent theme for Grecian painting.
- VIII. Little Navigator. A very popular design.
- IX. After Election. A decided hit.
- X. Portraits of the Candidates. Fine and cheap copies.
- XI. Union. U. S. Senate in the days of Clay, Webster and Calhoun.

The collection includes some very good humorous pictures, Pencil, Crayon, Oil and Water Color studies, and a great variety adapted to Grecian painting, and the prices range from 12½ cents to $20. — sep4

MATHEMATICS!!

Young Men! Improve your Evenings.

SALOM H. SALOM, late Straton's Medallist in the University of Edinburgh, Scotland, respectfully announces the resumption of his evening classes for tuition on the plan which received so much approbation last fall and winter. There is no class system, and as the number of pupils at each series of meetings is restricted to 1[illegible], members enjoy all the advantages without the expense of private lessons. The course will embrace—

1. Algebra, geometry, trigonometry, conic sections, the differential and integral calculus, the calculus of variations, finite differences and symbols with their applications to land surveying, strength of material, navigation and nautical astronomy, life assurance, rational mechanics and the undulatory theory of light.
2. Book keeping in all its details.
3. Writing and arithmetic—great attention paid to those desirous of acquiring a flowing business hand. The arithmetical course includes general averages and equation of payments, and is modified to the peculiar vocation of each pupil. Instruction given during the day. Further particulars on application at the rooms on Third St., (just below the M. & M. R. R. Depot, from 7 to 8 P. M., or by note addressed to box 1062. — sept1 d&53-6wd*

EXTENSION OF THE M. & M. R. R.,
FROM MADISON,
Forty-Three Miles West into the Wisconsin Valley,
—AT—
LONE ROCK STATION!
WHICH IS FOUR MILES EAST OF RICHLAND CITY.

ON and after September 1st 1856, the trains will run west of Madison, as follows:

Leave Madison at 1,30 P. M., and 6.30 P. M. on the arrival of the morning and evening train from Milwaukee.

Leave Lone Rock at 6.30 A. M., and arrive at Madison in time to connect with the 8.10 P. M. train for Milwaukee and all Eastern points.

Leave Mazomanie at 6 P. M., and run to Madison.

Passengers by Davis & Moore's Stages will be conveyed to and from the several stations on the arrival and departure of the cars, to Galena, Mineral Point, Dodgeville, Richland City and Muscoda, and to Baraboo and Sauk City.

It is expected the road will be opened to Muscoda on or about the 1st of October next, when a line of Stages will be put on to Prairie du Chien, so as to make the trip between that place and Milwaukee in one day. Lone Rock Station is about 50 miles from Prairie du Chien.

The circulars vary materially in their remarks upon the state of the market.

The weather has been unsettled, and a general advance consequently taken place, making a rise of 2da3d per bushel in wheat, 1sa3 per bbl on flour, and 2s per bushel on corn. Ryland & Co., call the advance on wheat 4da6d per bushel, and the broker's circular calls Indian corn, which has been excessively dull, 3s higher.

The following are the quotations of Messrs. Maxwell:

Old white wheat, 10s6da10s10d, new do, 11s a11s3d, corn, western red, 8s2da8s9d, prime Ohio flour, 33sa34s, western canal, 20sa23s, common 35sa37s, mixed corn 33s, yellow 33s6d, white 33s6da35s, [badly mixed—Eds. Sent.]

PROVISIONS—Richardson & Co. report beef rather firmer, but quiet, pork steady, bacon slightly improved demand, lard in better request at 7d. American securities quiet, price nominal.

The British Parliament had been further prorogued until the 18th. No political news except that D'Israeli's leadership was becoming dissatisfactory to his followers. The London *Times*, editorially, approves of Mr. Marcy's reasoning on the subject of privateering.

The Queen of Oude, mother of the deposed monarch, was in England, for the purpose of complaining of the East India Company.

Napoleon was at Biarritz, and he is reported to be urging the claims of Prince Pierre Bonaparte to the throne of the Danubian Kingdom and to be considering what title to bestow upon the American descendants of Prince Jerome.

The harvest in France is considered barely an average one.

It is said the Emperor of Russia gave his consent to the title of Malakoff being bestowed upon Pelissier.

At Antwerp, on the 17th, there was a brilliant celebration in honor of the peaceful sway of the King of Holland.

The government of Holland has refused to assent to the principle of arbitration before the resort recommended by the Paris Congress.

From Spain there is nothing of importance—Tranquility prevailed. The difficulty with Mexico was said to be still unsettled.

A doubtful report was current, that France and England had addressed an intimation to the King of Naples, and that in the event of a refusal to comply with their demands, their representatives would immediately quit Naples. The King is reported to have consented to some of the required concessions, but not to a satisfactory extent. A report had also been spread that the King intended to abdicate in favor of the more liberal Prince of Calabria, but it gained little credence.

The Russians announce that they will evacuate and give up Kars to Ismael within the stipulated six months.

A desperate engagement has taken place between the crew of a Russian ship of war and some Algerine pirates off the coast of Morocco, eight of the former were killed, and twenty wounded. The Prince Adelbert was wounded and his aid killed.

This incident had revived the talk of an European exhibition against the pirates of that coast.

The English fleet will cruise in the Black Sea until the end of November. Then it will return to Malta.

The Russian lighthouse men had been carried off from the Isle of Serpents by an English ship of war, and delivered to the authorities at Odessa, who, however, merely permitted them to be landed, and said the affair must be settled, diplomatic regulation.

The Turkish Government is said to be concerting a general treaty of commerce, to be offered to all nations, its leading principles being to circumscribe for the advantage of native producers the concessions hitherto made to foreign trade.

The Russians were forcibly taking from the Circassians the ports they abandoned during the war. They had captured *Anapa*. The Circassians were retreating without resistance.

Preparations for the coronation of the Czar on the 7th of September, continue on a scale of great magnificence. It is to throw into the shade every former proceeding of a similar kind in Russia or elsewhere.

The Emperor was to make his solemn entry into Moscow on the 29th of August. Count Morny, the French representative, had met with a distinguished reception at St. Petersburg.

Tranquillity prevailed in Greece, and the evacuation of the country by the French troops was considered certain.

There had been numerous riots in Lisbon and elsewhere throughout Portugal, on account of the dearness of bread.

An American is reported to have got a firman to examine the practicability of the principal rivers in Asia Minor for navigation.

The Russians had sent in a claim of 400,000 francs, for damage done to the Russian [illegible] at Constantinople, while it was occupied by the French capital.

A quantity of treasure valued at 150,000f was buried by the Russians in the Church of Sebastopol of the Allies.

LATEST.—The London money market on Friday was steady, closing at 95¼a95½ for money, and bullion in the Bank of England had increased £39 000.

PINNEY YOUNGS' PATENT SAWING MACHINES.

PATENTED JANUARY 30, 1855.

THESE CELEBRATED SIDING MACHINES are the only Machines that do or can cut both ways, and thus avoid loss of time in gigging back. They cut with ease, when properly attended, Fifteen Hundred Feet per Hour. They are not more complicated, nor more likely to get out of repair, than any other Siding Machine. A Machine on this plan for sawing wide lumber in connection with an upright saw for slabbing the logs, will excel anything in existence. We have sold a large number of the Siding Machines, all of which have given the most perfect satisfaction. They are

MANUFACTURED ON THE WATER POWER, IN THE CITY OF MILWAUKEE,

Under the supervision of the inventor, where Machines may be obtained, on application to
PINNEY YOUNGS & CO.

We subjoin the following Testimonials of the estimation on they are held in by purchasers.

MANISTEE, Michigan, October 1st, 1855.

PINNEY YOUNGS & CO.—*Gentlemen:*—In answer to your inquiry as to how I am pleased with the Siding Machine of Pinney Youngs' Patent you sold me, I can truly say it is better than recommended. It far exceeds my expectation. To give you an idea of what can be done with it, I will give you an account of a few hours sawing. It cut in four hours and twenty minutes, Eight Thousand Nine Hundred and Sixty Feet of Lumber, superficial measure, and that in the most perfect manner.
Yours truly,
(Signed) SAMUEL POTTER.

MILWAUKEE, March 24th, 1856.

We have one of "Pinney Youngs' Patent Sawing Machines" in operation, and would say that it is all that it is represented to be and gives perfect satisfaction.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. B. DECRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils and the classes kept entirely separate, their hours being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages can receive lessons in Reading and Conversation, Mr. DeCrety furnishing books of the best French authors. Those too willing to learn vocal music in either of those languages will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8 for conversation.

Mr. DeCRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, and also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to the offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. DeCrety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DeCrety will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

The old Eagle going it with a Rush!
THE EAGLE
STEAM FOUNDRY!
—OF—
TURTON & SERCOMB,
296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large Brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing Shaping Machine, three Lathes, and a Machine for making bolts and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

In regard to the character of the work got up by this
The Oldest Establishment in the State
the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is that they are both Practical Mechanics, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as Guage and Cylinder Cocks, Oil Cups and Cocks and Steam Whistles. Also Turton's Files, which they will sell at the lowest cash price.

They are also Agents for Eastman's Patent Steam Guages, which are well worth the attention of all those who use Steam Engines.

[illegible] they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertion will be spared to render the Old Eagle worthy of the reputation it has already gained.
Their motto is, "Excelsior."

HOOFLAND'S CELEBRATED
[illegible]
German Bitters,
PREPARED BY
DR. C. M. JACKSON, Philadelphia, Pa.
WILL EFFECTUALLY CURE
LIVER COMPLAINT, DYSPEPSIA, JAUNDICE,
Chronic or Nervous Debility, Diseases of the Kidneys and all diseases arising from a disordered Liver or Stomach

Such as Constipation, Inward Piles, Fulness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits.

The proprietor in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac published annually by the proprietor, and to be had gratis of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

CARTER'S SPANISH MIXTURE
THE GREAT PURIFIER OF THE BLOOD!
THE BEST ALTERATIVE KNOWN!
NOT A PARTICLE OF MERCURY IN IT!
An infallible remedy for Scrofula, King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Ague and Fever, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Enlargement and pain of the Bones and Joints, Salt Rheum, Stubborn Ulcers, Syphilitic Disorders, and all diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the Blood.

This great alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and Joints, are speedily put to flight by using this inestimable remedy.

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the diseases of females it is peculiarly applicable, and wherever it has become known is regularly prescribed with such happy effects. It invigorates the weak and debilitated, and imparts elasticity to the worn out frame, clears the skin, and leaves the patient fresh and healthy; a single bottle of this inestimable remedy is worth all the so called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE (IN MOST CASES WHERE EVERYTHING ELSE HAD SIGNALLY FAILED). The limits of an advertisement will not admit their full insertion.

PERFECT PROTECTION FROM THE ELEMENTS.
WEST'S
Patent Galvanic Cement for Roofing.

THE ATTENTION of Architects, Builders, and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes. In fact, we think it superior to any other Roofing, for it has more essential qualities combined required for roofing, than any other material used, viz: Imperviousness to water, incombustibility, durability and cheapness. It is Fire and Water proof, and can be applied to flat or steep roofs. In its texture and appearance it resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the coldest.—Therefore it forms a good walk on piazza's, flat roofs, car tops, steam boat decks, &c. Its fire proof qualities particularly adapt it to Railroad buildings, engine shops, &c. It is especially adapted to repairing old roofs, seaming around battlements, sky lights and chimneys, and for lining eave troughs, &c.

This roofing is being extensively used in the Eastern States on the most expensive buildings. Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office.

The subscribers own the right for the State of Wisconsin, and will sell territory by counties or towns, on favorable terms.

For further information apply at the office of the subscribers, Architectural room of Mygatt & Schmidtner, corner West Water and Spring streets, or to J. Y. Cheney, one of the proprietors, No. 4 Market Square.

INSTRUCTION.

BAYLIES & LINCOLN'S
Milwaukee Commercial College
212 and 214 East Water St.,
MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprise has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Seasons, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

ENGLISH AND MERCANTILE
ACADEMY,
No. 40 Wisconsin Street, Milwaukee, Wisconsin.

THE PRINCIPAL RESPECTFULLY informs the Public that the fall Term of his School commences, Monday, 15th September, 1856.

This Institution, has been in successful operation for seven years. The Academic year comprises 4 terms of 11 weeks each, the first commencing with the 2d Monday of September.

The last term closed on the 25th inst. The whole number of students for the year was 345, of whom 84 were females and 75 were gentlemen in the Book keeping Department.

Four Assistant Teachers are employed during the Fall and Winter Sessions.

PRIMARY DEPARTMENT.
A competent Female has charge of this department and children are received at any age.

THE LADIES' DEPARTMENT
Is under the superintendence of Mrs. LARIGO. Young Ladies recite in Prof. L's classes in English Grammar, Rhetoric, Composition, &c., and are taught a neat and fashionable style of Writing. Instruction is given in Embroidery, Drawing, Music, Latin and German, and scholars are taught to read, write and converse in French daily.

C. F. L. takes pleasure in announcing to his friends and patrons the prosperity of this department during the past year. He pledges himself that it will be his constant aim to secure the greatest amount of intellectual and moral improvement, in those entrusted to his care.

COMMERCIAL DEPARTMENT.
This department is under the immediate charge of Prof. Larigo. Instruction is given in all the branches of a thorough English and Commercial Education, including the Higher Mathematics, French, Latin and German Languages, and is designed to prepare youth for college or for business life. Perfect facilities are afforded to young gentlemen for acquiring, in the most expeditious manner, a thorough knowledge of Commercial Science as practically employed in the Counting Rooms and Business pursuits generally.

The Full course embraces the most approved and practical forms for keeping Books by Double Entry, in the various departments of Trade and Commerce, including general Wholesale and Retail, Mercantile Exchange, Commission, Shipping, Individual Partnership and Compound, Company Business with Commercial Correspondence in English, French and German. The Student is taught to copy all manuscripts in a bold and rapid hand, which serves as a great auxiliary to him in securing an excellent style of writing—a hand writing in every respect adapted to business pursuits is also warranted to every student who takes a full course with a Diploma.

Through the extensive business acquaintance of the Principal, many of his students obtain profitable situations.

Lady's and Gentlemen's French Class at 1½ P. M.—Latin Class at 7½ A. M., German Class at 8 P. M. Evening Classes in Book Keeping, Writing, &c., from 7 to 10.

The principal's references are his numerous Students in prominent situations in the city, and those which are scattered through the country, and their parents and friends. Students admitted any time, day or evening.—For further information see Circulars.
